... the present should cause every business man, with a family dependant upon him, to consider what is the condition of those he loves, should he be suddenly taken away by death. All can now fully notice the uncertainty and instability of fortunes made in business, The ... merchant of yesterday is to-day the ... debtor To guard against such reverses every man insure his life for the benefit of his family which insurance cannot be disturbed by ... The Mutual Benefit Life Insurance Company offers security and advantages not surpassed by any institution in the country—its investments are in first bonds and mortgages on real estate worth more than double the amount loaned. One half of the Premium on Life Policies may be paid by note bearing 6 per cent. Interest. Dividends are declared annually to those who have paid two Life premiums—there are no stockholders to take any of the profits which belong to those who are insured for life. Prospectuses statements and applications will be furnished (without charge) and all information will be given by the undersigned Agent.
Persons residing in any portion of the county desirous of insuring their lives, will be furnished with all the necessary papers and with the instructions to enable them to make application by addressing the undersigned

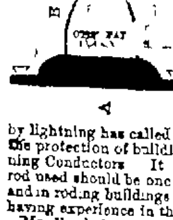
Otis' Lightning Rods,



☞ *The only Patent which affords absolute Protection against Lightning,* as demonstrated by science and experience.
This Rod has been extensively used thro the Southern & Western States, West Indies, and the Canadas since 1851 and though it has been struck in hundreds of instances, it has never *failed to protect*
The great amount of damage done recently by lightning has called attention, as it should, to the protection of buildings by the use of Lightning Conductors It is all important that the rod used should be one that *will give protection*, and in roding buildings it should be done by one having experience in the business
Mr Reed former partner of H P M Kimball, now proprietor of the patent for Penobscot Co , has returned to this city to commence business for the coming season , Having had large experience he assures the public that all his work of this kind will be done in a thorough, neat, and scientific manner
☞ Samples of this Rod, and certificates of its merits from many of the most eminently scientific men in the country, may be seen at D M HOWARD S Store on Exchange street No 15, and at Dodge's Hotel Harlow st , and at the office of the Penobscot Mutual Fire Insurance Co , Granite Block, East Market Square Bangor

THE CRYSTAL OIL LAMP,
For Burning the Crystal Oil,
Combining Economy and Safety!
PATENT RIGHTS
FOR STATES COUNTIES FOR SALE!
This important invention for producing the *cheapest light* in the world is now perfected and offered to the public Numberless other attempts have been made to produce a cheap light but were attended with such inherent objections as to destroy their utility and adoption But the Crystal Oil Lamp, while it is the *cheapest* is both safe and agreeable in every position making a *clear, white and brilliant flame* entirely free from *smoke or odor* There is no danger from explosion, but is *perfectly safe* under all circumstances The oil can be used in any place without fear of soiling the nicest garments The Lamps are simply arranged and perfectly controlable by the children and domestics and so constructed that the light can be varied in a moment from that of one to eighteen or twenty ordinary lamps While it is free from the disagreeable smell arising from the Kerosene, and the danger attending the use of burning fluid it is found upon scientific comparison to produce
As much LIGHT for ONE CENT as Kerosene will for Three Cents, or Burning Fluid will for Six Cents,
Thus saving five-sixths of the entire amount now expended or the price of the lamp in about a month. They are adapted to all situations making the cheapest and most desirable light for every place—the largest halls or churches as well as private dwellings The patent on the lamp for the different States and Counties thro ghout the Union with the exclusive sale of the Crystal Oil, is now offered to the public presenting a rare opportunity for merchants to secure for themselves the monopoly of a trade entirely free from competition Facilities are completed for the manufacture of the lamps in such quantities that they can be furnished to the purchasers of rights in [illegible] at a charge that will yield an almost [illegible] profit These rights will be closed off immediately, and the lamps and oil delivered as soon as desired As no lamps or oil will be sold to any but purchasers of rights all letters making the request will not be noticed. Ayer's Pills are ... adapted to ... disorders arising from ... the blood. A ... of all the ... complaints ... are found ... various ... of disease.
Subjoined are the statements from distinguished physicians, of their effects in their practice.

As a Family Physic.
From Dr. E. W. Cartwright, of New Orleans.
"Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease."

For Jaundice and all Liver Complaints
From Dr Theodore Bell, of New York city.
"Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people."

Dyspepsia — Indigestion
From Dr Henry J Knox, of St. Louis
"The Pills you were kind enough to send me have been all used in my practice, and have satisfied me that they are truly an extraordinary medicine. So peculiarly are they adapted to the diseases of the human system, that they seem to work upon them alone. I have cured some cases of dyspepsia and *indigestion* with them, which had resisted the other remedies we commonly use. Indeed I have experimentally found them to be effectual in almost all the complaints for which you recommend them."

Dysentery — Diarrhœa — Relax.
From Dr J G Green, of Chicago.
"Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses, for bilious *dysentery* and *diarrhœa*. Their sugar-coating makes them very acceptable and convenient for the use of women and children."

Internal Obstruction—Worms—Suppression
From Mrs. E. Stuart, who practices as a Physician and Midwife in Boston.
"I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients."

Constipation — Costiveness.
From Dr J P Vaughn, Montreal, Canada.
"Too much cannot be said of your Pills for the cure of *costiveness*. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe *costiveness* to originate in the liver, but your Pills affect that organ and cure the disease."

Impurities of the Blood — Scrofula — Erysipelas — Salt Rheum — Tetter — Tumors — Rheumatism — Gout — Neuralgia.
From Dr Ezekiel Hall, Philadelphia.
"You were right, Doctor, in saying that your Pills *purify the blood*. They do that. I have used them of late years in my practice, and agree with your statements of their efficacy. They stimulate the excretories, and carry off the impurities that stagnate in the blood, engendering disease. They stimulate the organs of digestion, and infuse vitality and vigor into the system.
"Such remedies as you prepare are a national benefit, and you deserve great credit for them."

For Headache — Sick Headache—Foul Stomach—Piles—Dropsy—Plethora—Paralysis—Fits—&c
From Dr Edward Boyd, Baltimore.
"Dear Dr. Ayer I cannot answer you what complaints I have cured with your Pills better than to say *all that we ever treat with a purgative medicine*. I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly"

☞ Most of the Pills in market contain Mercury which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever

Ayer's Cherry Pectoral
Has long been manufactured by a practical chemist, and every ounce of it under his own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeits, and consequently can be relied on as genuine, without adulteration. It supplies the surest remedy the world has ever known for the cure of all pulmonary complaints for COUGHS, COLDS, HOARSENESS, ASTHMA, CROUP, WHOOPING COUGH, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of consumptive patients in advanced stages of the disease. As time makes these facts wider and better known this medicine has gradually become the best reliance of the afflicted from the log cabin of the American peasant to the palaces of European kings. Throughout this entire country in every state and city and indeed almost every hamlet it contains, CHERRY PECTORAL is known as the best of all remedies for diseases of the throat and lungs. In many foreign countries it is extensively used by their most intelligent physicians. If there is any dependence on what men of every station certify it has done for them If we can trust our own senses when we see the dangerous affections of the lungs yield to it; if we can depend on the assurance of intelligent physicians, whose business is to know in short, if there is any reliance upon any thing then is it irrefutably proven that this medicine does cure the class of diseases it is designed for beyond any and all other remedies known to mankind. Nothing but its intrinsic virtues and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies have been thrust upon the community have failed, and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and remarkable to be forgotten.

Mr Murray not being present, Hon Ezra P French was unanimously chosen as President of the permanent organization

NOMINATION OF CANDIDATE FOR GOVERNOR.

On motion of Mr Harlow of Canton, the following committee was raised to receive, sort and count the votes for a candidate for Governor, viz Messrs Harlow of Canton, Cowan of Biddeford Hall of Gorham, McClintock of Bristol Webb of Bath, Conant of Appleton Dyer of Calais

The ballot being taken, the committee reported the whole number to be 512
Hon LOT M MORRILL had 512

And the announcement was received with enthusiastic applause

On motion of Mr Prentiss of Bangor, the following committee was appointed to wait upon Mr Morrill and inform him of his nomination, and request his attendance at the Convention, viz Messrs Marshall of Belfast, Miller of Portland and Williamson of Starks

GOVERNOR MORRILL soon appeared in the hall and being introduced by the committee was received with long and loud applause.—He tendered his grateful acknowledgements for the renewed evidence of confidence manifested by the unanimous vote of the Convention He then proceeded to make a most able and effective speech,—at once vigorous and comprehensive in his review of political issues He was repeatedly cheered by the Convention, and although the heat of the weather was almost intolerable, (the mercury standing above 90 in the hall) the dense audience listened with the most profound attention Mr Morrill presented in a most powerful manner the present position of the democratic party—committed as it now is to slavery extension as the *Constitutional right* of the South—as upholding a barbarous institution, and placing it above both the government and the people.—The speech was a splendid effort, and altogether worthy of the great abilities of the distinguished gentleman

Mr Blaine from the Committee on Resolutions, reported the following series, which was unanimously adopted

Resolved That the Republicans of Maine declare their determined hostility to the insulting claims of the slave holding aristocracy, who furnish the maxims dictate the measures and lay down the principles of the party in power in the federal government but happily out of power in most of the free states The Republican party upholds the dignity the education and the elevation of labor and unlike their opponents, disbelieves in its necessary ignorance and degradation. It refuses to recognise the doctrines of the Democratic oligarchs that the laboring class is in a fixed condition of chronic ignorance and barbarism and must forever remain the mud sills of society and we call upon the people of the free States to rebuke these insolent pretensions of a pampered aristocracy who claim to have governed the nation for nearly sixty years, by taking that government into their own hands

Resolved That the political contests of the present time deeply involve the old questions of federal supremacy and [illegible] [illegible] this controversy we hold the [illegible] of State [illegible] of the rights as expounded by the fathers of the constitution believing that the liberties of the people will fall, when the States shall have become subordinated to the general government, and consolidation usurps the place of a federative Union of essentially independent sovereignties

Resolved, That we have an abiding faith in the doctrines of the Declaration of Independence, interpreted without qualification, and reverence the noble men who dared announce and stand by them in the day of their unpopularity.

Resolved That we hold the Declaration to bear an important relation to the federal constitution, and that the principles of the one were intended to vitalise the provisions of the other We thus hold that the constitution being an instrument in the interests of universal freedom its just administration should have nothing to do with slavery except to prevent its spread over the territories and that this power being given by express grant ought to be exercised Regarding these two great instruments in this light we cherish both, as well as the Union which is their fruit as agencies of inestimable value in advancing the doctrines establishing the science and securing the blessings of free government And we set it forth as a fundamental aim of the Republican party to preserve the constitution and Union in the spirit in which they were formed and to resist all attempts to pervert and overturn them either by judicial construction or by direct usurpation

Resolved That the opposition to Mr Buchanan's election and the pro slavery rulers at Washington having been largely in majority in the country at the time of that election, and been growing greater ever since, it is the duty of the opposition to unite and take possession of the federal government at the expiration of Mr Buchanan's term It is not our province to prescribe terms of Union but we think the overthrow of an obnoxious minority administration with little support in the free States except what arises from government patronage is an event which ought not be frustrated by minor disagreements as it was in the last Presidential election

Resolved, That the present prostration of every branch of industry in the country is in a great measure owing to the errors and weakness of the dominant party arising from its devotion to a single idea, that party has its attention and devotes its solicitude solely to the institution of slavery, wholly neglecting and deliberately sacrificing the just demands of free labor The whole country now suffers under a paralysis of its industrial interests that judicious legislation is only needed to remove but which only can take place when the people themselves shall enforce a change of rulers

Resolved That we re-affirm the doctrine of the Republican platform adopted at Philadelphia in 1856—"That the constitution confers upon Congress sovereign power over the territories of the United States for their government and that in the exercise of this power it is both the right and the duty of Congress to prohibit in the territories those twin brothers of barbarism, polygamy and slavery"

Resolved That the slavery propagandists who now control the Democratic party and use it as an agent to carry out their views deserve to be put out and kept out of power for their constant agitation of the slavery question and for their fatiguing iteration of schemes for spreading and strengthening the detestable institution They now urge the re-opening of the African slave trade, the restoration of slavery in the West Indies the reduction of Central America to a slave-holding condition, and are actively engaged in schemes to obtain several more free provinces to make future slave States The Republican party have need to exercise all their activity and vigilance now and in future to prostrate these anti republican and nefarious designs

Resolved That the attempt of the present national administration to enforce upon the free people of Kansas an institution unfitted to their position injurious to their interests and abhorrent to their feelings and principles was but the natural consummation to a long series of insults and outrages designed with an evil purpose and executed with an atrocious disregard of public and private rights unparalleled in our national annals and unsurpassed in the history of any people and that the course of our delegation in Congress in resisting that outrage from first to last, and aiding to secure for the people of Kansas an opportunity to repudiate and reject a constitution which they had not formed and which would have entailed upon them and their posterity the curse of African slavery merits and receives our warmest and most unqualified approbation

Resolved That the administration of James Buchanan has proved itself unworthy of confidence of the American people by its course toward our fellow citizens who are struggling to establish free institutions in Kansas which betrays a spirit more desperate and corrupt than that which animated the British king and ministers in their treatment of the American colonies which drew our fathers into a war and the shallow subterfuge known as the English swindle by which if they will accept slavery they shall have the rights of a State and if they refuse to adopt this degrading institution they shall be indefinitely excluded from the benefits of a State government cannot fail to arouse the entire body of freemen in this nation against it.

Resolved, That this government has entered upon an era of extravagance and corruption alike disgraceful and dangerous The alarming increase of the expenses of the federal government from thirteen million dollars, or one dollar a head for the population in 1830, to eighty five millions or over three dollars a head in 1858 is deserving the serious attention of the people It gives evidence of a ruinous prodigality of expenditure and demands of the Republican party that it raise the standard of Retrenchment and reform without delay We see the federal legislation engineered by corrupt appliances gross jobs of favoritism in Utah war expenditures and sales and purchases of military sites as at Fort Snelling, and Willets Point open admissions on the floor of the Senate by democratic Senators that this government has become the most corrupt of any upon earth every where peculation and corrupt lobbyism rearing their heads, while the industrial interests of the people lie prostrate Such a spectacle is a stern admonition to initiate immediate and determined measures of reform

Resolved In the language of Washington's Farewell address, that sound policy urges us as a nation "to avoid the accumulation of debt not only by shunning occasions of expense but by vigorous exertions in time of peace to discharge the debts which unavoidable wars may have entailed" that this policy has been uniformly pursued by past administrations of the government that it is founded in wisdom and has proved profitable by experience

We therefore condemn and denounce the dangerous departure from this wholesome principle by the present national administration, which has neglected and refused to adjust the revenue of the country to its inevitable expenses, and which in the past year of its existence has saddled the nation with a debt of forty millions in order to provide means for its wasteful and extravagant appropriations

Resolved, That in the recent attack made in Congress upon the Fisheries always heretofore cherished as a great national interest, we recognise a manifestation in the public councils of a southern sectionalism which, to gratify its hostility to the north, is willing to strike down the best nursery of seamen and the most essential element of our naval power

Resolved That we learn without surprise that the same Senate committee on commerce which reported a bill to strike down the Fisheries, has agreed upon a bill to strike down the navigation laws and admit foreign vessels to a participation in the coasting trade of the country Both measures originate in the same policy and the same passions, are supported by the same party, and will attain a common success unless the *free* States shall forthwith assert and maintain their just but long lost influence in the government of the Union

Resolved That it is the duty of our State Government to foster our own industrial interests and we tender our cordial approval of the wise and beneficent policy of the State for the settlement of its wild lands from which we are now deriving such happy results in the increasing emigration to the rich valleys of the interior and we will second every judicious measure to further such settlement.

It having been announced that Hon Wm Pitt Fessenden was in the city, a committee was raised to wait upon him, and invite his attendance upon the Convention He soon after appeared, and being introduced by the President of the Convention, was received with unmeasured applause.

Mr Fessenden spoke about [illegible] of an hour, during which [illegible] [illegible] the [illegible] [illegible] of the [illegible] to the questions which have been agitated during the recent session He also adverted to the political circumstances which had preceded and followed his own election to the Senate in 1853, and which brought about the new Republican party of Freedom, which he believed is destined in spite of every opposition to rule this country hereafter He stated the position in which the Republican party now stands in the nation, and the issues upon which the coming political campaign is to be fought The great issue is between free labor and slave labor, and must continue an active and vital issue for years to come, or until the principle that a majority shall rule, prevails in our government.

Mr Fessenden was listened to throughout with eager attention, and was repeatedly interrupted by enthusiastic applause His speech was most earnest and eloquent and fully sustained his own brilliant reputation

The following resolution was then offered by Mr Poor of Portland, and adopted with great enthusiasm

Resolved That the Republicans of Maine, in Convention assembled recognize the eminent ability and distinguished public services of His Excellency the Hon Lot M Morrill in the office of Governor, and his unanimous nomination this day for the same position in a pledge of our determination to give him a triumphant re election

The Convention then adjourned in excellent spirits, and with full confidence in the success of the cause.

LOCAL AND MAINE NEWS.

EXCURSION.—We understand the Grattan Guards have made arrangements for an excursion down river on the Fifth

Rev Mr Akin of Yarmouth, will preach at the First Parish Church to-morrow

SAD NEWS The telegraph yesterday announced the death of Miss Jeanette Eustis daughter of Capt Joseph Eustis, of this city She had been in New Orleans several months, with her father, who is master of the ship Independence of Bath Her brother, whose death we announced Wednesday, was mate of the same vessel Miss Eustis died Wednesday, and was about 20 years of age Thus, in less than one week this family have been called upon to mourn the loss of two beloved members who a few days since were in the full enjoyment of health and youth The sympathies of the entire community are with the family in their affliction

STRUCK BY LIGHTNING We learn from Mr Norcross, of the lake stage, that the Deer Island House was struck by lightning Thursday afternoon It was set on fire and entirely consumed It was a new two story building situated on Deer Island in Moosehead Lake and was designed as a summer resort for travellers It was occupied by Mr Aaron Capen

NICE SUGAR Mr Hooper Chase of this city has for sale at No 11 Granite Block some very fine qualities of sugar brought direct from New Orleans to this market He has the coffee crushed and brown sugar, very clean and fine He sells by the barrel or hogshead at low rates

THE STORM The dwelling house of Mr Benjamin Rackliff, in Bath, was struck by lightning Thursday evening, and Mrs Rackliff was so severely injured that her life was considered in danger She is recovering A young son received a slight shock The house caught fire and was nearly ruined

In the same storm the pleasure yacht "Ada Graves, with a company of ladies and gentlemen on board was driven on to a ledge near "Burnt Jacket" and the party were saved with great difficulty

Rev E B Webb of the Congregational church in Augusta, has been invited to become the Pastor of the Bowdoin street church, Boston at a salary of $3000 per annum It is understood that he will accept the invitation

BAPTISMS IN BATH.—On Saturday last Rev Mr Church of the Beacon street Methodist church, baptized 9 at Ireland district as we learn

FIRE.—Two storehouses near the paper mill of Richards & Hoskins, in Gardiner containing cotton waste, were destroyed by fire on Friday night Loss about $300.

A Free Will Baptist Quarterly Meeting was held at the Union House in this village on Saturday and Sunday last and was fully attended by ministers and people On Sunday 28 individuals were baptized by immersion, by Rev J M Pollott, of the Baptist Church

Dover Observer.

NARROW ESCAPE Mr Goodwin a blacksmith at Athens was repairing an old gun at his forge a short time since, and had the breech in the fire with his hand near the muzzle, when the heat ignited an old load which was in the gun unknown to Mr Goodwin which went off grazing his side and passing by another man who stood behind him, lodged in the wall of the shop The gun was loaded with powder and ball *Telegraph*

PERSONAL Hon Noah Barker, our worthy Land Agent, was in town last week and as we understand, attended personally, to the letting by contract sections of the road from letter H to Violette Brook agreeably to a resolve of the Legislature

There was a good degree of competition among those who offered proposals, and the sales resulted satisfactory to all concerned

The road will be built by good and experienced road builders, at prices varying from 50 cents, to $1 31 per rod The largest job was taken by Freeman Hayden, of this place We trust and believe that these appropriations have fallen into good hands, and our roads will receive the full benefit of the money so liberally granted by the last Legislature —*Aroostook Pioneer*.

ACCIDENT.—A Mr. Simpson of Alna was driving from Water street towards the bridge just as the down-train was along yesterday His horse being a little contrary, as he says, he could not back in season—the horse was struck by the engine and injured so badly that he had to be killed, and the shafts of the wagon [illegible] [illegible] [illegible] [illegible]

The exhibition of traits of almost divine magnanimity excites the admiration of mankind Thus the Bangor Union says in relation to the Democratic State Convention

If the Convention, regardless of Black Republican clamor and abuse, shall give to James Buchanan that full and heartfelt endorsement, which they would to-day feel impelled to accord to the administration of Thomas Jefferson and Andrew Jackson, it will not only deal a blow that will cause our opponents to reel and totter to their fall but it will make a record to which in after years, *when our venerable chief magistrate shall have gone to his final rest, the Democracy of Maine will refer with pride*

In one of Bulwer's novels, Devereux we think, one of the most touching passages describes the noble forgiveness which the hero of the story displays to his dying brother who had been guilty of the most perverse ingratitude, and even crimes against him As the dying eyes were closing Devereux exclaims I thank God, my brother, that the last sounds of earth you hear are those which convey my forgiveness So the Union with tearful assiduity, begs his democratic brethren to forgive the great James

"While yet the gush of life runs warm, in order that the sod may lay more lightly on his breast—and in order too that they may say at the important day, 'inasmuch as I forgave the very least of these (Presidents) forgive Thou me

MORE OF THE FLOOD AT CAIRO.—A correspondent of the New York Tribune says the water is from 9 to 26 feet deep through the entire town

"The position of the inhabitants is distressing Some few still occupy the upper story of their dwellings Those that could—say one half (they tell me more)—have fled but the great majority have sought temporary shelter on the levees, this, with constant rain is nothing but mud Our wharf boat is said to contain thirty two families I should think so Railroad cars, boats and every conceivable structure is, of course literally crowded with women and children dogs cats and pigs The levees are banked with furniture bedding and household goods I last night looked under some sheets stretched across a pair of cart wheels, it was the best home a family of husband wife and three children had, they were respectable people and were yet cheerful

THE FISHERY COMMISSIONERS.—The Hon J H Gray of St. John, N B, who was appointed umpire to decide cases of dispute between the British and American Commissioners for defining the fishing boundaries on the shores of the United States and the Provinces, has recently given his decision in several cases submitted to him It appears that the Commissioners differed as to twenty four places in Prince Edward Island Her Majesty's Commissioner claiming that they were rivers under the treaty and the U S Commissioner denying that they could be so considered Mr Gray has decided that eighteen of these places are rivers under the treaty, and that the remaining six are not. Mr Gray has also decided in favor of the lines claimed by the British Commissioner for defining the mouths of the Buctouche and Miramichi Rivers

SLEEPING CARS ON THE GRAND TRUNK RAILWAY The managers of the Grand Trunk Railway have introduced the sleeping cars on the night train from Montreal to Toronto They are said to work admirably The editor of the Montreal Transcript says he tested their soporific qualities and found they were considerable He fell so soundly asleep, that it was all the conductor could do, when he arrived at his destination to awaken him "from softest slumber and pleasant dreams" These cars supply a great desideratum, and will be largely taken advantage of on the line They are on the same principle, and are equally as comfortable and commodious, as berths on board a steamer, and, if anything, one sleeps with greater ease upon them They are a luxury newly invented, we believe, but of the greatest importance, and such as will make night travelling by the cars as popular and agreeable as heretofore it has been dreaded and uncomfortable —*Argus*

STEAMBOATS OVER THE RAPIDS OF THE ST LAWRENCE.—The fine steamers Canada and America have been brought safely down the rapids of the St Lawrence to the ocean They cost half a million of dollars, and were found to be worth nothing above the rapids In passing down these, they made some leaps seven or eight feet deep For vessels three hundred feet long and six or eight feet deep, this was regarded as a neck or nothing experiment The first rapids the Long Sault, are seven miles long, and extremely rough, the boiling water heaving up from eight to twelve feet high and dashing about the rocks like the ocean in a violent storm This passage was made in fifteen minutes

The rapids of Split Rock were next in the way Here it was necessary to make a curve almost at right angles, within a space only two thirds the length of the same The skilful pilot, John Rankin, in the Long Sault rapids, with the dexterity of a skilful player at billiards making his carom let the bow of the boat strike the rock forcibly on her starboard side, thereby throwing her stern into the centre of the channel by the only practicable method, and permitting her to pass through in safety

Next the Cedar Rapids were reached They were passed at the same rate the boat striking alike aft and forward, but no substantial injury was sustained

The Lachine Rapids, near Montreal were the next Here the Canada again struck.—The rocks here are exceedingly bold, and present a rough and ragged surface, but were passed in safety, and in a short space of time the vessel and her bold mariners glided placidly and exultingly through the abutments of the Victoria Bridge —*Boston Journal*

They are tanning the elephant's hide at Cincinnati It was purchased by a furrier in Wisconsin where the animal which belonged to a menagerie, died The freight to Cincinnati cost $16 It is an immense hide, so bulky that the tanners handle it with great difficulty It is nearly two inches thick, and full a year and a half will be required to tan it thoroughly It will be a curiosity when thoroughly tanned and seasoned.

The wife of Dr Frank Fuller of Portsmouth, N. H., and a young lady acquaintance, had a narrow escape from death on Tuesday, in consequence of tasting of nitric acid, under the supposition that it was wine A child had been playing with the bottle, and left the acid bottle in the place where Mrs Fuller supposed the wine bottle stood By the immediate use of proper remedies, it is hoped that Mrs Fuller will not experience permanent ill effects.

DEATH OF AN AGED PATRIOT. The Rev. Zachariah Greene died on Monday, at his residence in Hempstead, L. I., in the 99th year of his age. He was a soldier in the Revolution, but being honorably discharged from the army in consequence of wounds received at the battle of White Marsh, he entered Dartmouth College, [illegible]

COULDN'T SUBSCRIBE A pair of those interesting, entertaining ladies, who of late seem to carry on so large a business in our down town offices and stores in the way of procuring subscriptions for new works, selling engravings of "The Father of his Country, and other notabilities, and who (the ladies) are so fascinating in manner, so delightfully importunate, so sweetly ungetridofable, called a morning or two since at the office of a young lawyer, to induce him, as the younger of the two expressed it, with a charming smile, 'To subscribe to a most elegant work just published, to be got up in elegant style, with illustrations &c 'Indeed ladies,' said our friend, 'I cannot, I have no doubt of the excellence of your work, but I am not in want of anything of that kind In fact, I do not feel able at present to subscribe for any new works of any description The partnership of which I am a member has lately been so imprudent as to issue a new work of their own, and the enormous expense attending its issue, not to speak of the illustrations, embellishments, and ornamental adornings with which they have seen fit to clothe the production—such unwonted outlay has really, for the present—in fact crippled me—sorry—but a fact—every word of it'

"But—ah, interposed our enterprising agentess, 'perhaps we could procure you some subscribers for your work, our terms are quite reasonable What do you call your work, sir?

'Well, we have not fully determined as yet, but I guess I shall let Mrs S—— have her own way, and call it after myself—Charles Henry

The ladies concluded that they had an engagement in the next block

HEATHEN AT HOME One of the witnesses in a recent murder trial at New York, named Young—a gambler by profession—testified that he was 36 years old, that he was born in Albany could not read writing, had never read the Lord's Prayer though he could read a little and did not know what the Lord's Prayer was, that he had never read a chapter in the Bible, though he had once held the sacred volume in his hand How many boys there are in all our large cities who are growing up in the same ignorance We often heard the hope expressed during the recent religious interest that it would result in so vitalizing the churches and other religious organizations of our land that they would inaugurate and vigorously prosecute some method for christianizing these heathen in our own midst We are not aware that any such measures have been set on foot in our own city, where there is abundant need of them The churches on the first Sabbath in July will receive large accessions of members as the fruits of the revival It certainly is to be hoped that their aggressive power will be proportionably increased

TELEGRAPHIC

TO THE DAILY WHIG AND COURIER

Accident.

WALLSVILLE, N. Y., 25th.

A Masonic Celebration was held in this place yesterday. After the oration the meeting adjourned to a large hall for dinner. About 700 persons had entered the hall, when about half the floor gave way, precipitating about 300 of the company to the next floor; and at the same instant the floor above followed with a quantity of Cutter's farming mills, lumber, &c., burying the mass of people in the ruins. None was killed, but from forty to fifty persons were wounded, some twenty of them badly. At noon to-day, all the sufferers were alive, and most of them comfortable.

New Hampshire Legislature.

CONCORD, N. H., June 25.

The Republican resolutions on national topics, introduced a few days since, are being finally discussed to-night by the Legislature.

The Legislature will adjourn to-morrow.

The Cocheco railroad bill passed both Houses this afternoon.

NEW YORK, June 25.

This has been the hottest day of the season, the thermometer reaching 90. Two cases of sun stroke are reported.

We have Buenos Ayres' advices of May 13. The quarrel between Urquiza and Buenos Ayres remained in statu quo. Urquiza had been detected in trying to influence the municipal elections of the Province by corruption, which caused much excitement.

A Buenos Ayres schooner had been wrecked, and 12 of 30 persons on board, mostly of good families, perished.

Business continued prostrated.

Reform Convention.

RUTLAND, June 25.

The reform Convention assembled at 10 o'clock this morning, and organized, by choosing Mr. F. Walker of Glen's Falls as president. Resolutions were introduced on spiritualism, anti slavery, marriage, maternity, the bible, land reform, free trade, the sabbath, and divine worship. Speeches were made by Henry C. Wright; S. P. Brittan; Joel Tiffany; Mrs. Ernestine L. Rose; Wm. Goodell, and Elder Grant.

The convention was held in a tent, and about 10,000 persons were present—the spiritualists predominating, but there was also a number of abolitionists and temperance men. The trance mediums speak to-night.

TORONTO, June 25.

Parliament went into committe of the whole yesterday, on the supplies, and is still sitting. Much excitement exists. A violent personal altercation took place between Inspector-general Cayley and Mr. George Brown, but a fight between them was prevented by members interfering. There are as yet no signs of adjournment.

New York Markets.

NEW YORK, June 25.

Flour—State and Western a shade easier—Superfine State 3,80 a 3,85; extra State 4,05 a 4,10; round hoop Ohio 4,65 a 4,66; common to good extra Western 4,00 a 4,60. Southern steady—Mixed to good 4,05 a 4,75; fancy and extra 4,80 a 6,00. Canada—superfine nominal; extra 4,15 a 5,15.

Wheat firmer and active—Chicago spring 85 a 89; Milwaukie club 88 a 94; Western white 1,02 a 1,07; do. red 1,00 a 1,02.

Corn scarce and firmer—mixed Western 72 a 75; white 76 a 78; yellow 81 a 82.

Oats firmer—Southern and Jersey 33 a 43; Northern and Western 44 a 45.

Beef steady—Country mess 10,75 a 11,50; prime nominal; re-packed Chicago 12,00 a 13,50; prime mess 19,00 a 21,00.

Pork dull and heavy—Mess 16,00 a 16,50; prime 13,25 a 13,50; western prime mess 15,75.

Sugars firm—Muscovado 5½ a 6½.

Coffee very firm—Rio 10 a 11¼; Java on private terms.

Molasses very firm—Muscovado 27½.

WASHINGTON NEWS. *New York, June 24*.—Times Washington correspondence.] A supplemental meeting of the Cabinet was held yesterday, at which the despatches from Mr. Dallas and Lord Malmesbury were read. The British government abologizes for the recent outrages, and intimates that any injuries proved to have been suffered through them will be redressed.

Lieut. Mowry has been appointed Acting Superintendent of Indian Affairs for Arizona.

The contractors for the purchase of Sonora are applying for a detail of military engineers for the survey of a new railroad route from Corpus Christi, in Texas, to Monterey, and thence to Mazatlan, on the Pacific.

FROM TEXAS. Galveston papers to the 9th inst. received at New Orleans, furnish the following items:

The State Gazette says that a gentleman who has travelled from Arkansas to Austin by land, says that he never, in his life, saw such abundant crops. He says the wheat crop exceeds anything ever known.

The Galveston News, of the 8th, says: We learn, from the best authority, that the paragraph to the effect that Bishop Weston had become a Universalist, is utterly without foundation.

It is now positively stated that Professor Agassiz of Cambridge, declines to give up his present position for the brilliant proffering of the Emperor of France.

A LARGE SUPPLY OF SPECIE. The stock of coin and bullion in the Bank of France, at the date of the monthly return for June, was $102,500,000.

A company, with a capital of 2,000,000 silver roubles has been formed in St. Petersburg, to carry on commerce with Persia and Central Asia.

THE TELEGRAPH CABLE. Where the American end of the cable will be landed is in 47 [illegible] North 64 West, and the telegraph house at Valentia is in 51 55 North, 10 25 West. The whole distance between the two points is 17[illegible] nautical miles.

SHIP BUILDING IN ENGLAND. At present there are 64 vessels building on the Wear, which give employment to 600 journeymen carpenters, and 900 apprentices. Of the 64 ships on the ways, 15 are sold. The wages of the men at 4s per day. The ships, with one exception, are all of wood.

SHIPPING.—There were built under the British flag from 1843 to 1857, 12,761 vessels of 2,481,107 tons, while during the same time there were built in the United States 21,423 vessels of 3,554,106 tons. However gratifying these figures may be to our national vanity, it would have been greatly to our advantage, at present, if half our tonnage had never been built. We have more than double the tonnage required for our commerce.

JUST AS IT IS.—If a man must live, it is comfortable to find the best place. New England is said by travellers to have the purest air and the clearest rivers in the world. Her climate is as healthy, her meadows as fertile, her schools are as free, her sons are as [illegible] as any the world can boast. If New England is our own, let us stick to her. [illegible] her but to praise.

MARRIAGE AND DIVORCE. The queer idea some people have of the sacredness of the marriage relation, is well illustrated by the following from the Cincinnati Enquirer:

"A lady came to this city a day or two ago, and made application to a lawyer for divorce, saying she was from the State of New York, and had come here for the purpose of effecting a separation, expecting to do so in about twenty-four hours. She appeared much disappointed when told that she must be a resident in the State for a year before she could obtain her wish; and said that if she had to wait so long as that, she would return to her husband again, as the cause of their quarrel was only about a bonnet, which she wished to throw away, and he had urged her to wear it another month. Brutal and monstrous as that circumstance had shown him, she thought she might endure his presence a little while longer."

ANOTHER FOREIGNER SOLD. The correspondent of the Cork Examiner, who is making a tour of observation through this country, writing to that journal his first impressions of life in the United States, speaks of the hotel system, and mentions the facility with which a Yankee adapts himself to circumstances. He says:

"At the Tremont, one of the principal inns of Boston, there is a waiter in the coffee room, and one most studiously attentive, who, three years ago, was President of the principal rail-road out of that town, having millions of money at his command."

HIS LITTLE FAILINGS. "My James is a very good boy," said an old lady, "but he has little failings, for none of us are perfect. He threw the cat in the fire, flung his grandfather's wig into the cistern, put his daddy's powder horn into the stove, tied the coffee pot to Jowler's tail, let off squibbs in the barn, and took my cap bobbin for fishing lines; but these are only childish follies—he's an excellent boy, after all."

ALTERED BANK NOTES. Twenties, "raised" from twos, on the Blue Hill Bank, Dorchester, Mass., and Concord Bank, Concord, N. H., are in circulation, and the alteration is so skillfully done that few could detect it without previous knowledge of the plate of the different denominations. The vignette of the genuine twenties of the Blue Hill Bank is a female seated with the figures 2 and 0 on either side. The twos have a view of a village street.

Some graceless scamp in Brunswick has hoaxed the Boston papers with a case of alleged suicide of a student by the name of Thomas Craig Reed, by throwing himself from the Androscoggin Bridge.

P. K.

MR. PERRY DAVIS:—I feel it to be my duty to bear my testimony to the efficacy of your Pain Killer. I have used it for years for complaints of the stomach and bowels. I had a very severe attack a few days ago of the ague, and such a pain in my back for three days and nights that I could get no rest. I sent and got a 25 cent bottle of the "Vegetable Pain Killer." I took a little inwardly, and bathed according to directions, and one application has removed all the pain, and I am able to write to-day, though with a trembling hand. The application was made last night about 9 o'clock, and I had a sweet night's rest. I have recommended it for several years, as I have travelled a good deal, and it has given universal satisfaction where it has been used according to directions. Yours gratefully, L. PERRY CHILDS,
Pastor of Baptist Church, Troy, Ohio.

SMITH'S ELECTRIC OIL.

This preparation, which has made such speedy cures in Philadelphia and many other places, begins to attract almost universal attention, and elicit comments of every kind. Some say it is IMAGINATION. Of course they assign any thing but the real and philosophical reasons.—Inflammatory Rheumatism, Gout, Palsy, Burns, Piles, Neuralgia, Salt Rheum, Erysipelas, Scaly Eruptions of the Skin, Womb Complaints, Abscesses, Croup, Asthma, Indolent Swellings, Stiff Joints, Felons, Wounds, and Sprains, Broken Breast, Hemorrhage, Sore Throat, Frosted Limbs, Acute Nervous Pains, Tooth, Ear, and Headache, Deafness, &c., and Teething children are NOT OFTEN cured in from 5 minutes to a few days simply by the IMAGINATION. Not any have used this oil without deriving some special benefit within an hour, and many are they who have been perfectly cured of the diseases very speedily.

Large Bottles Ten Times the Cheapest.

KEEP WELL CORKED.

Use according to directions. Apply with the warm hand only—eat plain food—drink no coffee.

A CARD.

To Druggists and Merchants of Maine.—For the convenience of dealers and individuals of this State, I have appointed H. H. HAY & CO., of Portland, my Wholesale Agents for the State of Maine, and they will be at all times supplied with all sizes of my "Genuine Electric Oil." I would urge on all dealers in medicine to order from Messrs. HAY & CO. a supply of my Oil at once, that they may be able to answer the earliest demands.—They will also furnish each dealer with Show Cards, Posters, and 1000 Circulars, with their name printed thereon as agent. The Great English Remedy.

Sir James Clarke's Celebrated Female Pills,
Prepared from a prescription of Sir James Clarke, M. D.
Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for female difficulties, and obstructions from any cause whatever, and although a powerful remedy, they contain nothing hurtful to the constitution.

For full particulars, obtain, free, of the agent, a pamphlet, or refer to the advertisement.

N. B.—$1 and 6 postage stamps enclosed to any authorized agent, will insure a bottle containing over 50 pills, by return mail.

DR. P. P. QUIMBY,
Of Belfast, having made arrangements to remain in Bangor a portion of the summer, will be found at his rooms at the HATCH HOUSE, on Wednesday, May 19th, to attend such persons as may desire his services.

Those calling upon the Doctor should understand that he can form no reliable opinion except by an examination of the case, and the examination is describing the feelings of the patient and declaring the disease. Prior conversation with friends is of no value, and only occupies time which is valuable. may19tf

NOTICE.
Choice Lumber Lands For Sale in Pennsylvania!

THESE Lands are located on the Susquehanna River, and the larger tributaries in Clinton, Clearfield and Centre Counties. They are thickly covered with a heavy growth of choice Timber, principally White Pine of excellent quality, yielding on an average 40,000 feet to the acre of Pine alone. The Sunbury and Erie Railroad passes through several of them. The River and streams are admirably adapted for Logging and Rafting. Logs are floated to Lock Haven, a few miles below, and there sold at great profit. These Lands are well worth examination, as their present unusual facilities for extensive lumbering operations. Timber leave is now readily sold for $2 per M feet. All these lands are underlaid with several veins of bituminous coal of excellent quality. On account of facilities of transportation and improvements making in that section, these lands offer every inducement for profitable investment. For full particulars, locality, &c., inquire of ANDREW GRIFFIN, Esq., of Bangor, or address QUIGGLE & PANCOART,

California Steamers,

Carrying the United States Mail.

5th and 20th of each month.

Through Tickets, including transit of the Isthmus, via. Panama R. R.

By order of the Postmaster General, the United States Mail Steamers will hereafter be despatched from New York direct to Aspinwall, on the 5th and 20th of each month.

Passengers are landed at the Railroad Depot, Aspinwall, and conveyed across to the Pacific Steamers *without any extra expense.* This is the *only* line giving entire Through Tickets, including *meals*, on the Isthmus.

Transit made in *four hours, entirely by daylight,* thus avoiding the great exposure by night in open boats to fever and ague, and 200 miles of dangerous lake and river navigation over rocks and shoals.

Arrangements have now been completed so that the regular U. S. Pacific Mail Steamer will leave Panama for San Francisco immediately on arrival of the Atlantic Mails and passengers, thus securing passengers by the Mail Line a *sure* and *short* passage without any detention on the Isthmus.

☞ *Tickets must be signed by one of the Company's Agents before they will be recognized by the Agent at Panama,* and tickets thus signed can be obtained of the *only authorized Agent* for the Atlantic and Pacific Mail Steamship Companies, in this city.

Portland to Boston.

Summer Arrangement.

The Steamers LEWISTON, Capt. Geo. Knight, and the FOREST CITY, Capt. F. A. Prince will run as follows:

Leave Atlantic Wharf, Portland, every Monday, Tuesday, Wednesday, Thursday, and Friday, at 7 o'clock P. M., and Central Wharf, Boston, every Monday, Tuesday, Wednesday, Thursday, and Friday, at 5 o'clock P. M.

Fare in Cabin, $1,25
Fare on Deck, 1,00
Freight taken as usual.

Each Boat is furnished with a large number of State Rooms, for the accommodation of Ladies and families; and travelers are reminded that by taking this Line much saving of time and expense will be made, and that the inconvenience of arriving in Boston at late hours of the night will also be avoided.

The Boats arrive in season for the passengers to take the earliest trains out of the city.

The Company are not responsible for baggage to any amount exceeding $50 in value, and that personal, unless notice is given, and paid for at the rate of one passenger for every $500 additional value.

THE LUXURY AND PROFIT OF

HONEY MAKING.

☞ Torrey's Bee Hive.

THE subscriber, having purchased the right of making and selling *Davis' Patent Bee Hive* for the Counties of Penobscot, Lincoln and Sagadahoc, which has been received with so much favor, and taken the first premiums wherever exhibited, has introduced an improvement into the Bee Hive and is now prepared to make the same in connection with the Davis Platform, and to sell rights to towns and individuals.

This Bee Hive, thus improved, is admitted by persons acquainted with the honey-making business to be superior to every thing yet invented for the purpose. It covers all the requisitions for the profitable maintenance of the apiary, by providing for ventilation at all seasons of the year—room for the exercise and feed of the bees—convenience for the removal of excrement, for the proper separation of the swarms, and generally for the health and comfort of the workers.

The boxes used in this Hive for storing honey, are the best adapted, in their size, for the market, holding from three to six pounds each.

The subscriber wishes to purchase one hundred swarms of bees in exchange for bee hives and individual rights.

☞ For sale, fifty swarms of Bees, with the new hives.

American & Foreign Patents.

R. H. EDDY,
Solicitor of Patents,
(Late Agent of U. S. Patent Office, Washington under Act of 1837,)
76 State Street, opposite Kilby-st.,
BOSTON,

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United states; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents executed on liberal terms, and with despatch. Research made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same.—Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber, during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of Patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved Inventors.

TESTIMONIALS.

"During the time I occupied the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, did business at the Patent Office as Solicitor for procuring patents.—There were few, if any, persons acting in that capacity, who had so much business before the Patent office; and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.

[From the present Commissioner.]
"August 17, 1855.—During the time I have held the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, has been extensively engaged in the transaction of business with the Office, as a Solicitor. He is thoroughly acquainted with the law, and the rules of practice of the office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse.

IN announcing the THIRTEENTH Annual Volume of the SCIENTIFIC AMERICAN, the Publishers respectfully inform the public that, in order to increase and stimulate the formation of clubs, they propose to offer

One Thousand Five Hundred Dollars in Cash Premiums,

for the fifteen largest lists of subscribers sent in by the 1st of January, 1858, said premiums to be distributed as follows—

For the largest list $300; 2d, $250; 3d, $200; 4th, $150; 5th, $100; 6th, $90; 7th, $80; 8th, $70; 9th, $60; 10th, $50; 11th, $40; 12th, $35; 13th, $30; 14th, $25; 15th, $20.

Names of subscribers can be sent in at different times and from different post offices. The cash will be paid to the orders of the successful competitors immediately after the 1st of Jan., 1858.

Southern, Western, and Canada money will be taken for subscriptions. Canadian subscribers will please to remit twenty-six cents *extra* on each year's subscription to pre-pay postage.

Terms of Subscription—Two Dollars a year, or One Dollar for Six Months.

Club Rates.—Five Copies, for Six Months, $4; Five Copies for Twelve Months, $8; Ten Copies for Six Months, $8; Ten Copies for Twelve Months, $15, Twenty Copies for Twelve Months $28.

For all Clubs of Twenty and over the yearly subscription is only $1 40.

The new volume will be printed upon fine paper, with new type.

The general character of the SCIENTIFIC AMERICAN is well known, and, as heretofore, it will be chiefly devoted to the promulgation of information relating to the various *Mechanical and Chemical Arts, Manufactures, Agriculture, Patents, Inventions, Engineering, Mill Work,* and all interests which the light of Practical Science is calculated to advance. It is issued weekly, in form for binding; it contains annually from 500 to 600 finely executed Engravings, and notices of American and European Improvements, together with an Official List of American Patent Claims published weekly in advance of all other papers.

It is the aim of the Editors of the SCIENTIFIC AMERICAN to present all subjects discussed in its columns in a practical and popular form. They will also endeavor to maintain a candid, fearlessness in combatting and exposing false theories and practices in Scientific and Mechanical matters, and thus preserve the character of the Scientific American as a reliable Encyclopedia of Useful and Entertaining Knowledge.

Specimen copies will be sent gratis to any part of the country.

THIS Company Insures against Loss or Damage by Fire, on Stores, Merchandise, Dwellings, Mills, Manufactories, Hotels, &c.; also on Marine and Inland Transportation Cargo Risks at the ordinary rates of premium.

Losses Promptly and Equitably Adjusted and Paid.

All premiums are made specific when Policies are issued, and are to be prepaid in money; and no further assessment in case of loss is to be made on the parties so insured. The advantages of a Stock System, which precludes the possibility of an assessment, are very obvious.

The Board of Directors have authorized the issues of Policies on country risks, detached on very low terms.

The Company expect to deserve the confidence of the public, by doing business on as favorable terms as any other similar institution, and by the utmost fairness and liberality in all their dealings.

Policies granted and issued to parties effecting Insurance, at once without delay, by the undersigned, at his office.

LINCOLN'S WATER PROOF BLACKING, AND LEATHER PRESERVATIVE.

Keep your Feet dry and you will seldom need a Physician.

IS it not a truth that when the feet are often wet, it is one of the greatest causes of colds and consumption? It is a truth that when leather is often wet and dried, it soon becomes hard, stiff, and cracks; but when it is water-proof this is remedied. By the application of this preservative, it remains soft, and entirely impervious to water.

After being engaged for 25 years in the manufacture of Leather in all its branches, and being often troubled with wet feet myself, I was led to experimenting on different compositions, and found it easy to make it water-proof, but at the same time extremely injurious to the leather. At last by a chemical process, I discovered a preparation which perfectly harmonizes with the astringent properties with which leather is tanned. It will not only make leather water-proof, but it likewise softens the leather, and it will

Positively wear twice as long.

I have now used it for three years, and a large part of that time have worked in a wet Tannery, with my boots constantly in water, and have not had my feet wet during that time. I can therefore in all confidence, recommend it to the public as the best article in the market.

THE LIVER INVIGORATOR,

PREPARED BY DR. SANFORD,

Compounded entirely from Gums,

IS ONE OF THE BEST PURGATIVE AND Liver Medicines now before the public.

These *Gums* remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, *purifying the blood,* giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

Billious attacks are cured, and, what is better prevented, by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring prevents *nightmare.*

Only one dose taken at night loosens the bowels gently, and cures *costiveness.*

One dose taken after each meal will cure *Dyspepsia.*

One dose of two teaspoonfuls will always relieve *Sick Headache.*

Only one dose immediately relieves *Colic,* while

One dose often repeated is a sure cure for *Cholera Morbus,* and a preventive of *Cholera.*

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for *Jaundice* removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures *Chronic Diarrhea* in its worst forms, while *Summer and Bowel Complaints* yield almost to the first dose.

A few bottles will cure *Dropsy* by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for *Fever and Ague, Chill Fever,* and all Fevers of a *Bilious type.* It operates with certainty, and thousands are willing to testify to its wonderful virtues.

LIVER INVIGORATOR.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

Price One Dollar per Bottle.

Capital $500,000.

A. NICHOLAS, President. Office, 70 Wall-st.

A Perfect Security against all manner of Fraud or Counterfeiting on Paper—To Prevent Photographs and Anastatic Counterfeits, Erasures, Transfers or Alterations.

HAVING purchased the Patent for the exclusive right to manufacture and sell the Chemical Paper in America, invented and patented in England by HENRY GLYNN, a celebrated chemist and officer in the British army, it is hardly necessary to say that the Paper is recommended by Mr. Kent, Assayer of the U.S. Mint, Mr. Lyman of the New York Clearing House, and Meade Brothers, extensive and skillful photographers, 233 Broadway, N. Y. The latter say that no Imitation can be made on a check or bank note printed on the Safety Paper. Below is our list of prices:

Bank Checks—25 cts. per lb.
Bank Bills—$18 for 1000 sheets.
Bills of Exchange—$25 for 1000 sheets.
Promissory Notes—40 cts. per lb.
Sight and Time Drafts—$25 for 1000 sheets.
Insurance Policies—40 cts. per lb.
Railroad Stocks and Bonds—40 cts. per lb.
Bank and State Stocks—40 cts. per lb.
Bonds and Mortgages—40 cts. per lb.
Wills and Deeds—40 cts. per lb.

For wrapping Silks and other fine articles it is excellent, as it prevents moths. 40 cts. a lb.

For Indentures and Agreements, 40 cts a lb.

All State and County Records should always be printed or written on this paper, as the chemicals inserted in the pulp not only prevents erasure or transfer, but makes it lasting as time.

For Southern climates it is excellent, and much superior to any other; as the moisture of the climate does not destroy it,—the properties inserted in the pulp being a preventive. In all the Southern States, Cuba, the West Indies, and the Central American States, no public records can be kept over 20 years, written on the ordinary paper, while the oils and other chemicals inserted in this paper makes it indestructible by the ravages of time. It is also proof against moths, rats and other vermin, which feast on and destroy all other paper now in use.

The Company have now in operation Mills in Morris County, N. J., of about 300 horse power, and are able to fill all orders for Paper at the shortest notice.

All orders for the Paper must be addressed to A. NICHOLAS, President of the Company, No. 70 Wall street, New York.

Room Papers,

190 DIFFERENT PATTERNS—from 4 cts. to $3 per roll, for sale by
m18 O. R. PATCH.

The following remedies are offered to the public as the best, most perfect, which medical science can afford. AYER'S CATHARTIC PILLS have been prepared with the utmost skill which the medical profession of this age possesses, and their effects show they have virtues which surpass any combination of medicines hitherto known. Other preparations do more or less good; but this cures such dangerous complaints, so quick and so surely, as to prove an efficacy and a power to uproot disease beyond any thing which men have known before. By removing the obstructions of the internal organs and stimulating them into healthy action, they renovate the fountains of life and vigor,—health courses anew through the body, and the sick man is well again. They are adapted to disease, and disease only, for when taken by one in health they produce but little effect. This is the perfection of medicine. It is antagonistic to disease, and no more. Tender children may take them with impunity. If they are sick they will cure them, if they are well they will do them no harm.

Give them to some patient who has been prostrated with bilious complaint: see his bent-up, tottering form straighten with strength again; see his long-lost appetite return; see his clammy features blossom into health. Give them to some sufferer whose foul blood has burst out in scrofula till his skin is covered with sores; who stands, or sits, or lies in anguish. He has been drenched inside and out with every potion which ingenuity could suggest. Give him these PILLS, and mark the effect; see the scabs fall from his body; see the new fair skin that has grown under them; see the late leper that is clean. Give them to him whose angry humors have planted rheumatism in his joints and bones; move him, and he screeches with pain; he too has been soaked through every muscle of his body with liniments and salves; give him these PILLS to purify his blood; they may not cure him, for, alas! there are cases which no mortal power can reach; but mark, he walks with crutches now, and now he walks alone; they have cured him. Give them to the lean, sour, haggard dyspeptic, whose gnawing stomach has long ago eaten every smile from his face and every muscle from his body. See his appetite return, and with it his health; see the new man. See her that was radiant with health and loveliness blasted and too early withering away; want of exercise or mental anxiety, or some lurking disease, has deranged the internal organs of digestion, assimilation or secretion, till they do their office ill. Her blood is vitiated, her health is gone. Give her these PILLS to stimulate the vital principle into renewed vigor, to cast out the obstructions, and infuse a new vitality into the blood. Now look again—the roses blossom on her cheek, and where lately sorrow sat joy bursts from every feature. See the sweet infant wasted with worms. Its wan, sickly features tell you, without disguise, and painfully distinct, that they are eating its life away. Its pinched-up nose and ears, and restless sleepings, tell the dreadful truth in language which every mother knows. Give it the PILLS in large doses to sweep these vile parasites from the body. Now turn again and see the ruddy bloom of childhood. Is it nothing to do these things? Nay, are they not the marvel of this age? And yet they are done around you every day.

Have you the less serious symptoms of these distempers, they are the easier cured. Jaundice, Costiveness, Headache, Sideache, Heartburn, Foul Stomach, Nausea, Pain in the Bowels, Flatulency, Loss of Appetite, King's Evil, Neuralgia, Gout, and kindred complaints all arise from the derangements which these PILLS rapidly cure. Take them perseveringly, and under the counsel of a good Physician if you can; if not, take them judiciously by such advice as we give you, and the distressing, dangerous diseases they cure, which afflict so many millions of the human race, are cast out like the devils of old—they must burrow in the brutes and in the sea. Price 25 cents per box—5 boxes for $1.

Through a trial of many years and through every nation of civilized men, AYER'S CHERRY PECTORAL has been found to afford more relief and to cure more cases of pulmonary disease than any other remedy known to mankind. Cases of apparently settled consumption have been cured by it, and thousands of sufferers who were deemed beyond the reach of human aid have been restored to their friends and usefulness, to sound health and the enjoyments of life, by this all-powerful antidote to diseases of the lungs and throat. Here a cold had settled on the lungs. The dry, hacking cough, the glassy eye, and the pale, thin features of him who was lately lusty and strong, whisper to all but him CONSUMPTION. He tries every thing; but the disease is gnawing at his vitals, and shows its fatal symptoms more and more over all his frame. He is taking the CHERRY PECTORAL now; it has stopped his cough and made his breathing easy; his sleep is sound at night; his appetite returns, and with it his strength. The dart which pierced his side is broken. Scarcely any neighborhood can be found which has not some living trophy like this to shadow forth the virtues which have won for the CHERRY PECTORAL an imperishable renown. But its usefulness does not end here. Nay, it accomplishes more by prevention than cure. The countless colds and coughs which it cures are the seed which would have ripened into a dreadful harvest of incurable diseases. Influenza, Croup, Bronchitis, Hoarseness, Pleurisy, Whooping Cough, and all irritations of the throat and lungs are easily cured by the CHERRY PECTORAL, if taken in season. Every family should have it by them, and they will find it an invaluable protection from the insidious prowler which carries off the parent sheep from many a flock, the darling lamb from many a home.

Authenticated evidence of these facts, with directions for the treatment of each complaint, may be found in Ayer's American Almanac, which we publish three millions, and scatter them broadcast over the earth, in order that the sick everywhere may have before them the information it contains. Druggists and dealers in medicine generally have them for distribution gratis, and also for sale these remedies, prepared by Dr. J. C. AYER, Practical and Analytical Chemist, Lowell, Mass.
